

**Burak Akesen,MD. Associate Profesor**  
**Orthopaedics and Traumatology, Spine Surgeon**

**CURRICULUM VITAE**

**PERSONAL INFORMATION**

<b>Date of birth</b>	April 1, 1974
<b>Place of birth</b>	Istanbul,Turkey
<b>Civil Status</b>	Married with two children
<b>Telephone</b>	+90 224 2952823
<b>Mobile</b>	+90 530 5103235
<b>Email</b>	<a href="mailto:burakakesen@hotmail.com">burakakesen@hotmail.com</a>

**EDUCATIONAL BACKGROUND**

<b>1985-1992</b>	Beşiktaş Atatürk Anatolian High School
<b>1992-1997</b>	University of Uludağ, School of Medicine
<b>1998-1999</b>	Intern in Medicine and Surgery,University of Uludağ
<b>2001-2005</b>	Resident in Orthopaedic Surgery,University of Uludağ

## WORK EXPERIENCE

**2010-Present**

**Associate Professor,Orthopaedic Spine Surgeon,Uludağ  
University, Bursa, Turkey**

My practise here includes management of spinal disorders, training residents and , on-calls at the university hospital. My scholar program includes teaching undergraduate students and residents and research. I am also the executive of the musculoskeletal lectures of the third grade. My clinical practise is covered by spinal disorders. I have the experience and skills to manage spinal disorders including deformities ( scoliotic, kyphosis), degenerative spine, spinal trauma, and spinal tumors regardless of the anatomic site. I perform spinal surgery in approximately 150 cases per year.

**2009-2010**

**Forensic Medicine Headquarters, Istanbul,Turkey**

During the time period between my appointment to the faculty position at Uludag University and end of my mandatory military duty I had the chance to review the medical records which were associated with a law suit. I was in charge of preparing an official report in order to guide the court if malpractise was an issue. The cases were all included in the expertise area of orthopaedics and traumatology.

**2008-2009**

**Mandatory Military Duty, Turkish Airforce**

I worked as an orthopaedic surgeon at Hatay Military Hospital which is the most developed military hospital in the Egean Region. The average number of patients visiting my clinics daily was 80. I performed surgery mainly on trauma patients. I was also a member of a medical team which was in charge of deciding if the recruits were medically eligible to serve at special forces.

**2006-2007**

**John H. Moe Spine Clinical Fellow, Twin Cities Spine Center, MN, USA**

Upon completion of my research fellowship and receiving my ECFMG certificate I was eligible to be a clinical fellow. I was either the first or second surgeon in more than 300 cases during my fellowship. Two days in a week I examined and evaluated visiting patients with spinal problems and directly involved in the decision-making process. I was on-call one day in a week which covered all hospitals in the city. I also participated in clinical studies.

**2005-2006**

**Research fellow, FASK( Foundation of the Advancement of Spinal Knowledge) Biomechanic Labratory, MN,USA**

I was in charge of the management of a biomechanical laboratory together with a biomechanical engineer. I ran studies with other fellows along with my own projects. I gained experience to work on human cadavers. I also had chance to scrubb in selected cases performed at Twin Cities Spine Center.

## COURSES RELATED TO SPINE SURGERY

1. AOSpine Masters Symposium-Spinal Trauma. Prague, Czech Republic, November 14-15,2011.
2. AOSpine Masters Symposium. Davos, Switzerland, December 11-15, 2011.
3. AOSpine Masters Symposium-Spinal Tumors and Deformities. Palermo,Italy, June 21-23,2010.
4. Spine Executive Class "SpEx-C". Controversies on minimally invasive lumbar spine instrumentation (MIS). Zermatt, Switzerland, April 22-25,2010.
5. Minimally invasive surgery techniques for fusion treatment of the lumbar spine. Cadaver workshop. Leiden, Netherlands, April 25-26, 2010.
6. The Prevention and Management of Complications in Spine Access Surgery. AOSpine Live Tissue Training Days. Strasbourg,France, September 04, 2010.
7. AOSpine Advanced Symposium-Deformed Spine. Istanbul, Turkey, December 03-04, 2010.
8. AOSpine Masters Symposium. Davos, Switzerland, December 13-17, 2010.
9. AOSpine Symposium- Masterclass in the treatment of degenerative disorders and tumors of the spine. Bodrum, Turkey, June 11-13,2009.
10. AOSpine Masters Course-Cervical Spine. Bursa,Turkey, February 21-24,2008.
11. AOSpine Advances Course – Emerging concepts in deformity care. Davos, Switzerland, December 14-19,2008.
12. AOSpine Advanced Concepts in the management of spinal disorders. Idaho, USA, February 1-4,2007.

## MEMBERSHIPS

- Turkish Orthopaedic Society
- Turkish Spine Society
- AO-Spine Society
- AO-Spine Turkish Council Member (Community Development)

## INVITED COURSES AND SPEECHES

- 1. Anterior cervical surgery: discectomy, plating and fusion and disc arthroplasty.** AO-Spine Principles Symposium. Bursa, Turkey, March 28-29, 2014.
- 2. Pathophysiology of degenerative disc disease and natural history of aging spine.** AO-Spine Principles Symposium. Bursa, Turkey, March 28-29, 2014.
- 3. Lumbar degenerative scoliosis: pathophysiology.** AO-Spine Principles Symposium. Bursa, Turkey, March 28-29, 2014.
- 4. Hemorrhage and epidural hematoma.** AO-Spine Principles Symposium. Bursa, Turkey, March 28-29, 2014.
- 5. Evaluation of thoracolumbar spine fractures.** 23. International Turkish Orthopaedics and Traumatology Congress. Antalya, Türkiye, 29 Ekim-1 Kasım, 2013.
- 6. Subaxial Spinal Fractures and Dislocations.** AOSpine Advanced Course- Trauma. Izmir, Turkey, April 10-11, 2013
- 7. Clinic and classification of primary spinal tumors.** AO-Spine Masters Symposium- Spinal Tumor and Infection. Istanbul, Turkey, October 25-26, 2013 **(Guest Speaker).**
- 8. Posterior instrumentation and osteotomies in cervical spine.** Akdeniz Üniversitesi Tıp Fakültesi Klinik Anatomi Laboratuvarı. 23-24 Eylül, Antalya, Türkiye. **( Cadaver course, table instructor)**
- 9. The Prevention and Management of Complications in Spine Access Surgery.** AOSpine Live Tissue Training Days. Strasbourg, France, September 05-06, 2013 **(Table instructor).**
- 10. The Prevention and Management of Complications in Spine Access Surgery.** AOSpine Live Tissue Training Days. Strasbourg, France, September 21-22, 2012 **(Table instructor).**

**11. ALIF vs TLIF: advanced techniques and revision strategies in the lumbar spine.**

Human Cadaver Course. Minneapolis, Minnesota, September 09,2006 **(Table instructor).**

**MEETINGS**

1. AOSpine Advanced Course- Trauma. Izmir,Turkey, April 10-11, 2013.**(Chairperson)**
2. Spine Experts Group Annual Meeting. Istanbul, Turkey, December 02-03,2010.  
**(Chairperson).**
